MEDOSWEET FARMS

ABOUT US

For more than 50 years, Medosweet Farms has been a trusted dairy distributor in the Pacific Northwest. Rooted in family values, locally sourced goods, and genuine customer care, we're proud to have earned local and regional recognition — including Washington Family Business of the Year, Restaurant Supplier of the Year, and Business of the Month. None of this would have been possible without the dedication and vision of Medosweet's founder, Cliff Flintoff.

In 1975, Cliff entrepreneurial spirit led him to lease a truck and launch an independent dairy home-delivery service. In no time, Cliff was running three milk routes, six days a week - calling on his family to pitch in with everything from bookkeeping to delivery to keep the routes running smoothly.

In 1979, Cliff and his wife Carolyn founded C&F Distributors. They continued as a dairy home-delivery business until 1982, when they expanded to serve wholesale and food service customers. As demand grew, so did the company—bringing on employees and adding trucks to keep up with a growing distribution footprint.

In 1995, C&F Distributors purchased the rights to the name of a former, highly regarded Tacoma-area company and rebranded as Medosweet Farms. From there, Medosweet's steady growth continued, including expansion into distributions facilities in Kent, Washington, and Portland, Oregon.

Today, Medosweet Farms remains family-owned and operated, led by the next generation of Flintoff's. We've broadened our offerings to include specialty items while staying true to Cliff's core values. From espresso shops and bakeries to restaurants, hotels, institutions, and food manufacturers, we're proud to support the people and places that keep our region fed.

- The Flintoff's

THE MEDOSWEET DIFFERENCE

LOCALLY SOURCED GOODS

Medosweet Farms' milk, heavy cream, and other dairy staples are locally co-packed under the Medosweet Farms label. Trusted regional partners, including Darigold, help ensure our customers receive some of the finest dairy available in the Pacific Northwest. We also offer chef-acclaimed butters from Northwest favorites like Grassland and Darigold, valued for their exceptional quality and consistent performance. And when it comes to eggs — liquid, shell, or cage-free — we work with partners such as Stiebrs Farms and National Food to provide locally raised products that meet the standards of chefs and bakers. For soups, we team up with Seattle staples, including Ivar's Soup & Sauce Company, to offer easy-to-prepare options without compromising on flavor.

COMMITMENT

We don't take "long-term partnership" lightly. Our team visits our dairy partners to help ensure we're delivering fresh, locally produced products you can feel confident serving. And when you need support, our Account Executives and Customer Service team are ready to help you find the right options for your kitchen.

Medosweet Farms' 40% Supreme Cream (#0804)

CERTIFICATIONS

Medosweet customers also have full access to our certification and product documentation. This includes, but isn't limited to, product specifications, nutritional statements, letters of continuing guarantee, kosher and organic certifications, and gluten statements.

JERSEY COW MILK IN GLASS BOTTLES

Twin Brook Creamery is a fifth-generation farm based in Lynden, Washington, build around careful strewardship of the land and the animals in care. Their milk and cream come from their own purebred, registered Jersey cows (affectionately known as "the girls"), known for producing milk with naturally higher protein and butterfat, which adds richness and flavor. To help preserve that signature taste, Twin Brook pasteurizes their milk low and slow at 145 degrees for 30 minutes.
